# Sensory-Friendly Visit Bags

Families with members on the autism spectrum or with sensory processing disorders may request a sensory-friendly visit bag to use during visits to Museum.

Bags are provided free of charge on a first-come, first-served basis. We ask to hold an ID while bag is checked out.

Bags are available for check-out at Coat Check in the Museum Lobby.

Contents include headphones, sunglasses, and various fidgets and squishies. *Turn this sheet over for a more detailed list.*

There is not time limit of use. Use for 15-minutes or the entirety of your visit.

Please return bag and bag items to the Coat Check at the end of your visit.

*Squishies are not required to be returned and can be used as transitional objects if needed. If not returned, please inform the Guest Experience team member when returning the bag. Turtle plush may be available for sale in the Museum Gift Shop.*
